

SEPTIC

Like a flower in the desert
The only beauty within miles
She attracts all men's attention
A perfect sweetly spending smiles

And I have lost myself in her
What's left of me ain't worth to mention
All my life is missin' in action
I loved myself through her affection

There's nothing else to share
I was awake but not aware
Strategic leader of my senses
This mindwar builds the highest fences

She's my eyeball turning blind
She's a care-actress on the love-set
She's the drug that rapes my mind
She is the poison I can't hate

Septic honey on my bread
Septic thoughts spin through my head
Septic baby in my bed
Septic, bad, worse, dead
Vom Gift deiner Lenden übersäht
I only wanted love instead

I see you, I hear you, but I don't feel you anymore

I am willing to behave
Could you like me without fear
I'm prepared to be your slave
Bleibst du für immer bei mir ?

A sudden end to my desire
I simply reflect your light & fire
Still I don't shine if you don't shine
Lies burn my love – ich bin so klein

We're so close in distance
And yet so far in thought
Sin in itself does not make sense
Wo auch immer Liebe droht

She's my eyeball turning blind

She's a care-actress on the love-set
She's the drug that rapes my mind
She is the poison I can't hate

Septic honey on my bread
Septic thoughts spin through my head
Septic baby in my bed
Septic, bad, worse, dead
Vom Gift deiner Lenden übersäht
I only wanted love instead

I see you, I hear you, but I don't feel you anymore

I don't want to be nailed
To anyone's cross
If I was a winner, I wouldn't have failed
If I wasn't lovmad, I could take the loss

(Septic baby we came twice a day
Here we go – septic – down on a oneway)
